Git
gitHub

Other Skills

Abode Photo shop, CorelDraw. Also have good knowledge of Sound Recording and Music Production, Local Area Networking, Microsoft Office Suite

.

Profile

Innovative Front End Developer with a passion in building and maintaining responsive websites and user-friendly web application. Seeking an opportunity to leverage my skills in HTML, CSS, JavaScript, and modern frameworks like React to contribute to a dynamic team and grow as a developer.

PROJECTS

1. Portfolio Website

Tech Stack: HTML, CSS, JavaScript

- Built a personal portfolio website to showcase projects and skills using HTML5 and modern CSS features.
- Implemented a responsive layout using media queries, ensuring the site is optimized for various screen sizes.
- Integrated JavaScript for smooth scrolling and interactive elements.

***2*. Quiz App**

Tech Stack: React.js, Bootstrap, JavaScript

- Developed a quiz app that lets user select alternatives and then gives score. It's built with functional React components.
- Designed reusable React components and employed state management using React Hooks.
- Created a fully responsive user interface using Bootstrap.

EDUCATION

ALX Africa Software Engineering Program *(2023)*

- Gained in-depth knowledge in full-stack development with a focus on frontend technologies.
- Completed various sprints and projects in web development, including building responsive layouts and JavaScript-based applications.

Bachelor's Degree in Electronics and Electrical Engineering *(*2014*)*
Ladoke Akintola University of Technology P.M.B 4000, Ogbomoso, Oyo State, Nigeria | Ogbomoso, Oyo State, Nigeria

CERTIFICATIONS

Certificate in Software Engineering, Holberton School Alx-SE January 2024
